Commissioner for Patents

Please find attached a copy of the IDS filed February 1, 2006, and a copy of the IDS filed September 12, 2005.

As agreed, because Applicant's representative avowed copies of the cited references were submitted together with the IDS filed February 1, 2006, but misplaced by the Office upon their receipt, Applicant has provided second copies of the references, which have been downloaded into the IFW and considered.

Furthermore, as also agreed, since although the listing of the serial number of the patent application publication cited on the IDS filed September 12, 2005, is incomplete, because Applicant's representative has avowed a copy of the reference was submitted together with the IDS, and Applicant's representative has informed the Examiner that the serial number of the cited publication should have read 2004/0157278 A1, the Examiner has considered that publication.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen L. Rawlings, Ph.D. whose telephone number is (571) 272-0836. The examiner can normally be reached on Monday-Friday, 8:30AM-5:00PM. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Larry Helms, Ph.D. can be reached on (571) 272-0832. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
